## What has been happening this week?

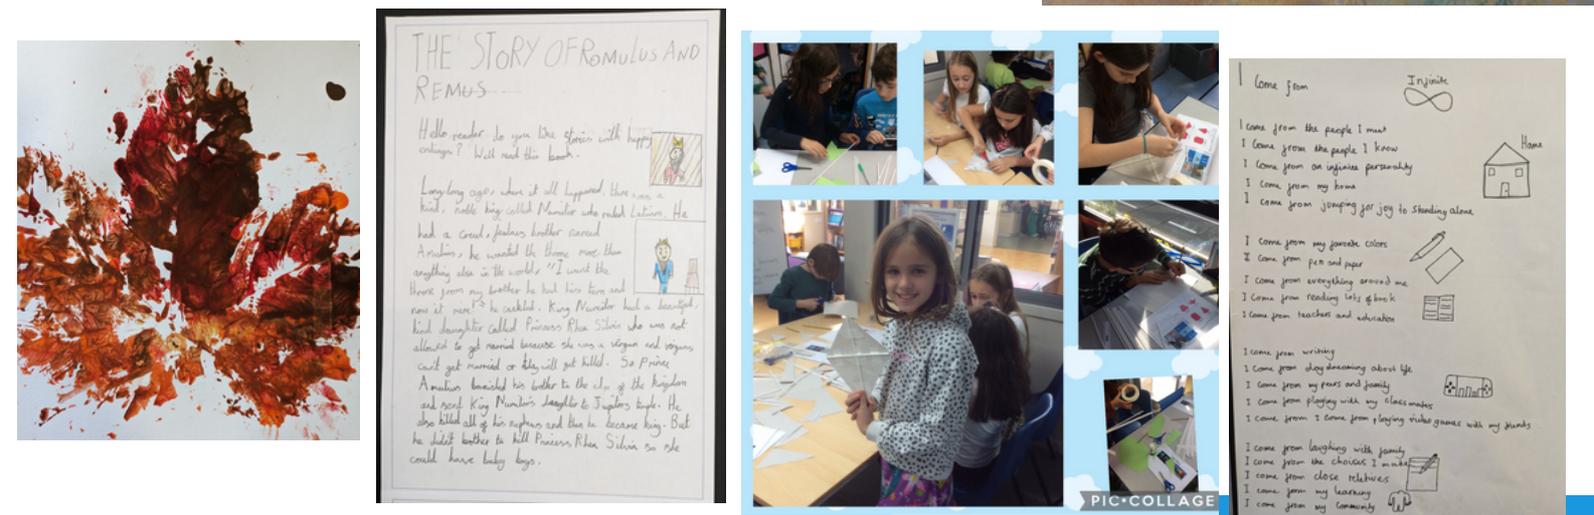

We are still awaiting the final copy of our OFSTED Report. They are currently going through the final stages of verification and it will be shared with you early in the new term.

It was great to see everyone at Open Classrooms on Thursday. The children are so proud of their learning this term and we hope you enjoyed having a window into your child's school life.

The Brindishe Climate Action Green Halloween event was a great success. We are planning a Christmas Jumper swap, as there are already more than enough Christmas jumpers in the world.

Congratulations to all the children who were awarded certificates for completing the Summer Reading Challenge in assembly on Monday. Phong, from Lewisham Library Service was impressed with the number of children who had taken part this summer.

It's been another great week of learning. Reception have been using their new knowledge of letters and sounds to write their own Anansi story. Autumn has finally arrived in Year One. Year Two have been making visual notes about the work of Andy Goldsworthy. Year Three have been making art inspired by the Stone Age and Year Four have been publishing their Romulus and Remus stories. Design and Technology has been a focus for Year 5 this week in their Kite Making project and Year Six have celebrated their poetry by creating a wonderful display.

# What is happening after Half Term?

We will be wishing Year Six 'Bon Voyage' as they head off to Swanage for their School Journey. Year Four will bring their Romans learning to life with a visit to Crofton Roman Villa. Year One will kick off their Science learning about trees with a trip to Manor House Gardens. They will also use the opportunity to look at the playground to help with their DT project next term.

## Cut Your Carbon in November

Cut Your Carbon is a national schools campaign, delivered by the country's largest environmental schools programme, Eco-Schools. The campaign creates a national moment, spotlighting the various aspects of our lives that result in carbon emissions and challenges pupils to take positive action to reduce their carbon footprint.

The central challenge of Cut Your Carbon is a checklist of 9 simple actions that pupils can complete at home with family and friends throughout November. These actions relate to everyday activities and prompt families to consider how they can make small changes to help reduce their impact on our planet.

There will be a special assembly on the first day back and look out for the 9 simple actions you can take at home.

## F@B news and events

### Teatowels- a great Christmas gift!

The children are currently working on their self portraits for the Brindishe Lee tea towel, which will be available to buy later in the year. Watch this space for further details!

### Save the date!

The F@B AGM will be on Thursday 25th January, at 5pm in the school hall. Please do come along to support us and get involved.

## Health and Safety Notice

**Please make sure your children do not go on the play equipment after school- you are not covered if there is an accident. Keep your children in your sight to ensure their safety please, and leave the school site promptly. Thank you!**

# Important Information from the Office

**Lateness:** Reminder that the gates close at 9am. If your child arrives after this time a late mark is recorded. Please be on time.

**Water bottles etc:** Please upskill your child to remember their things. Parents/ Carers dropping bits off for their children takes time away from staff. Maybe get your child to make a tick list they can use each day to build their independence and reduce parents mental load!

## Attendance This Week

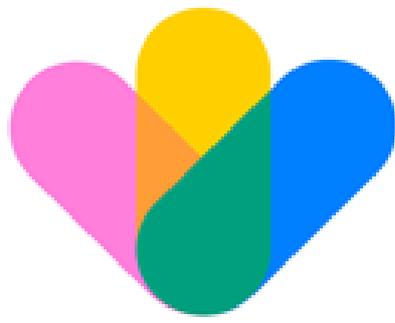

Class	Sessions possible	Attended	Mins Late
Reception	272	90.44%	98
Year 1	264	92.42%	40
Year 2	271	97.42%	70
Year 3	262	96.18%	11
Year 4	271	91.88%	94
Year 5	262	94.27%	32
Year 6 Magnolia	237	85.65%	222
Year 6 Sycamore	229	92.58%	39

We need to improve our punctuality next term! Look at all that learning time lost!!! Please let us know if you need support with your morning routine- we know it can be tricky.

## FSM Vouchers for Half Term October 2023

The London Borough of Lewisham has confirmed that it is able to support families with FSM (Free School Meal) eligible children by providing vouchers for the October (2023) half term. The available funding means they can assist these families at a rate of £15 per eligible child. Families will receive a supermarket voucher provided by an extension to the Household Support Fund via London Borough of Lewisham and your school.

Lewisham has also advised that families with FSM eligible children can also access free meals in the holidays by using the HAF (Holiday Activities and Food) programme. This will be additional to the provision made through vouchers.

If you have any questions or need support with registration, please contact [HAFProgramme@Lewisham.gov.uk](mailto:HAFProgramme@Lewisham.gov.uk)

# Rights Respecting Article Of The Week

## Article 24 (health and health services):

Every child has the right to the best possible health. Governments must provide good quality health care, clean water, nutritious food, and a clean environment and education on health and well-being so that children can stay healthy.

**People use medicines, vaccines and drugs for lots of different positive reasons.  
What reasons can you think of?**

- To feel relief from pain
- To help treat serious mental ill-health
- To protect them from allergies or allergic reaction.
- To treat an illness
- To protect them from infection and possible illness
- To make sure they get the right vitamins
- To help them sleep better

Our Brindishe Curriculum focuses heavily on keeping children safe, both mentally and physically. Within science and PSHME, children learn that drugs, tobacco and alcohol are harmful substances. Our children are confident when talking about how they keep themselves safe and who they would talk to if they were in immediate harm or who they would talk to if someone they knew was unwell.

Alexander Fleming discovered penicillin in 1928. Read about him and watch the video in this [profile](#). Research how penicillin and antibiotics are used today. Create a fact file to share the importance of antibiotics.
